

Dear Dave

We are writing to you to express our appreciation of the excellent work carried out by your company on the exterior areas to our property.

The excavation, drainage, masonry walls and stone paving were all carried out in an organised and very professional manner. Your men were polite and friendly and continued working even in the recent very wet and cold conditions.

The finished paths and patios were all accurately set out to ensure that the rainwater runs away without puddles and the construction was neatly blended into the existing garden features.

We would be very pleased to recommend you to our friends and would be happy to allow you to use our project as an example of your expertise in this type of external works.

Thank you for completing the job in such a satisfactory manner.

Yours sincerely

Clive and Beverley Teague
